Title Committee review date	15/07/2024

1. Description

This course promotes a broader understanding of Public International Law. It begins with the discussion of key concepts and the study of the functioning of the International Society. In a second part, we will study the international legal framework as such, analysing how international treaties are concluded, as well as the rest of sources of public international law. Finally, we will give a few notes about the subjects of international law such as the States, with their competences, and the international organizations.

2. Course learning objectives

Students should be able to:

1. Be familiar with the main theoretical approaches to the study of Public International Law
2. Acquire a basic knowledge of the Public International Law in contemporary world regarding different aspects, such as the formation of international norms and standards, and the functioning of the International Society.
3. Use the news to achieve a deeper understanding of how the international legal framework works.
4. Understand the most important decisions of the main international courts.

3. Contents / Programme

List of lessons:

LESSON 1: THE INTERNATIONAL LAW.

LESSON 2: THE INTERNATIONAL SOCIETY.

LESSON 3: THE STRUCTURE OF INTERNATIONAL LAW.

LESSON 4: THE INTERNATIONAL TREATIES.
